## AWARD WINNING DESIGNS AT IFFS 2009

Mamagreen showed its line of contemporary casual furniture for the third consecutive time at the International Furniture Fair Singapore 2009. Held each year from 9 to 12 March, IFFS is widely regarded as Asea's premier, design-led furniture trade fair.

With the accent on the fresh color green Mamagreen created a luxury resort feeling at the trade show. The booth generated a lot of buzz, with visitors from Europe, the Americas and Asea.

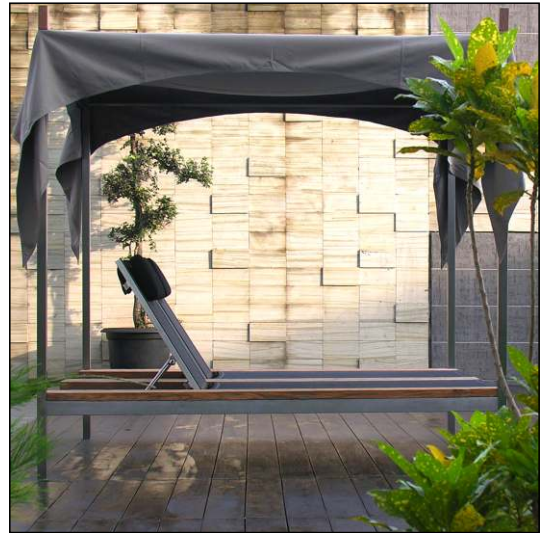

Mamagreen's innovative solutions for smart eco-friendly outdoor living, using the best quality materials, got the thumbs up from the public and the judges. For the second year in a row Mamagreen won the award for Best Exhibit in the category Garden/Outdoor and an honorable mention in the prestigious Furniture Design Award.

# HONEYMOON LOUNGER

Designers: Vincent Cantaert / Barbara Widiningtias

Two individually reclining sling seats, connected with recycled teak boards and an exotic canopy structure, offer an 'all-in-one' functionality: lounge, table and protection combined.

Through its harmonious design and various clever details, the Honeymoon Lounger successfully creates a 'space within a space' for lovebirds to escape from the crowd and unwind along each other, relaxing by the pool or at the beach.

FURNITURE DESIGN AWARD  
Honorable Mention

# ICON POOL LOUNGER

Designer: Vincent Cantaert

Available in a single and a double version, the Icon Pool Lounger combines eco-friendly recycled teak-wood, stainless steel and a unique tatami-like cushion in Sunbrella fabric.

The minimalistic straight lines and harmonious proportions complement any contemporary pool.

BEST EXHIBIT AWARD  
Category: Outdoor Furniture

# About MAMAGREEN

Mamagreen was founded in 2007 and is the fastest growing high-end outdoor furniture brand. Known for its contemporary eco-friendly furniture, the Belgian brand prides itself on innovative design, catering to a niche market and receiving praise from global furniture experts.

Mamagreen's furniture is available at more than 50 retail shops in the USA, Australia and in most European countries.
